Capitol Region Watershed District partners with the City of Saint Paul (Phase I MS4) and contracts with Hamline University to implement the Adopt-A-Drain (AAD) program. The program goal is to improve water quality by empowering local community members to take visible, tangible, and meaningful action towards responsible management of water resources by "adopting a storm drain". Actions include signing up online, collecting and removing debris from the storm drain and reporting how much was collected and removed. There are currently over 600 residents participating in the program in the City of Saint Paul / CRWD.
